## Selectmen's Meeting

### TOWN FUTURE NEEDS STUDY

Selectmen conferred with Planning Board members and asked that they immediately try to gauge the townspeople's attitude concerning expansion of the sewer system. Chairman William Hubbard pointed out that the town only has one year to notify Fairhaven as to what volume of treatment of sewage is required for the next 25 years. He said that, already, with phase one only in the initial construction stages developers with large tracks of problem land have requested inclusion into the sewer system. Since the

sewer makes it possible to build anywhere - even swamp areas - he said, it is important that residents realize the impact and the town plan accordingly. Everything in range of the gravity feed is open to present expansion and future expansion of the line. Anything outside that perimeter is dependent on more pumping stations. Selectmen Hubbard and DeCosta pointed out that the force transmission line to Fairhaven is 50% of capacity as soon as the present system is operable. Peter Perkins of the Planning Board expressed the opinion that, should the majority of the townspeople vote for expansion of the system, the developers in the area to be served should be required to install sewer pipe just as they are now required to install roads to town standards. The rest of the Planning Board members were in general agreement and will sound out the sentiment of people on expansion.

Chairman Hubbard said that any decision would be made by the vote in town meeting but that preliminary information must be gathered soon to inform the voters of the pros and cons of the question.

previous week regrading sand. The moon tide, he said, enabled the highway crew to take sand from the bars and distribute it on the beach for an excellent, clean cover of new sand. He said the beach will open Saturday, June 24, for a 10-week, 3-day summer season. Two new sets of swings are being installed. Repairs to the lifeguard towers and raft are now being completed. Appointments were Ada Delano and Myrtle Spagnoli, beach matrons; Beatrice Ingram, special police officer; and Bernice Heuberger as assistant officer; Andy Wingate and Deborah Mello, lifeguard instructors; David Lamborghini and Frank Oliva, day guards; and John Healy and Douglas Layport as evening guards. The evening guards were assigned last year by request of residents who like to swim after work. The Selectmen and Mr. Boucher agreed on a fee of \$2. per car and \$1. per person will be charged non-residents to park or pass through the gate on foot to either swim at the beach or to fish off Barstow Wharf. met with unanimous approval. The Selectmen asked Alves to request that Manuel Nunes prepare a sign to mark the site and to gather figures on a cast sign. Mr. Alves requested the use of outdated police radios on the 440 band and was told that the police are still using the radios and the decision will have to await the police changeover.

Members of our Ladies Auxiliary visited the Veterans' Hospital in Brockton on Wednesday night, May 9th. They spent the evening entertaining, playing games, talking with the patients and served them refreshments.

This is one of many projects that our auxiliary participates in during the year and most members get a great enjoyment and personal heartwarming satisfaction from it. Hats off to these ladies and God bless them. Some Legion members and the Post Commander accompanied the ladies on their visitation.

Tickets for the Boy Scout Troop 53 Ham and Bean Supper on Saturday, May 20th, at the Legion Hall at 5:30 P.M. are now on sale. Tickets may be purchased from Troop 53 leaders and members or by contacting Mrs. John N. DeCosta, 758-2310. Please get out and support this supper. ## What a difference a Bilco Door makes!

Here's the way to add new beauty to your home. Replace that wooden hatchway with a modern, all steel Bilco Door. It's ruggedly built, weather-tight, and so easy for everyone in the family to use! What's more, it will make your basement more secure against intrusion. And it will pay for itself many times over by saving repair and replacement costs.

If your home was built without the convenience of a direct basement entrance, ask us for Bilco's new handbook "How to Add Valuable Living Space to Your Home."

Stop in and see our display. We'll give you free literature on how to do it. Or, we can suggest a man to install it for you.

Any resident of Marion who is 59 or over can ride the Senior Citizen van. The driver, Mrs. Marshall Bourne, picks up her passengers at their homes and returns them to their own doorways. Most trips begin at about 9:30 A.M. and end about 12:30 P.M. If the riders lunch somewhere on the way, they pay for their own meals; otherwise the trip is free. The usual schedule: Monday, a mall; Tuesday, New Bedford; Wednesday, no rides because the van serves Rochester on Wednesdays; Thursday, Wareham; Friday, Fairhaven marketing. For reservations phone 748-1414 on the previous day between 9 A.M. and 5 P.M. Phone on Saturday for a Monday ride. Sometimes on the last Monday of the month the schedule is varied by a mystery ride.

The Marion Senior Van is equipped for a wheelchair passenger, and the Council is interested in providing such transportation. However, special arrangements have to be made, so even a short trip must be planned ahead. For such an outing it would be well to call the Council on Aging office or a member of the Council. If an eye or eyelid is cut or punctured, bandage it lightly and see a doctor immediately. Do not wash the eye or try to remove any objects.

Never rub an eye with something in it. Instead, lift the upper eyelid outward and down over the lower lid and let tears wash out the dirt. If they don't, see a doctor.

Tuesday the Jets won giving Blue a 1 and 1 record. Wednesday the Reds let the Greens know that they mean business this season and their loss on Monday is not an indication of their future. Red captured a 13-7 victory. Mike Pinard was the winning pitcher throwing 5 hits and striking out 12 batters. Up at bat Mike had 2 for 2 and stole 4 bases. David Poitras had 2 for 3, Paul Tingle stole 4 bases. "Buba" MacDonald of the Greens hit a home run and had 3 for 3 and stole 2 bases.

## Blood Pressure Screening

MAY 16, 1978 5:00 - 7:00 P.M. LEGION HALL

The Mattapoissett District Nurses will conduct a free blood pressure screening program open to all residents of Mattapoissett. All ages are welcome to join us Tuesday evening, May 16th, at the Legion Hall on Depot Street from 5 to 7 P.M.

One in every seven adults you meet today has high blood pressure. Some don't even know they have it. Many who do know they have high blood pressure aren't doing enough to control this disease, partly because they don't understand enough about it. Do you? Test your knowledge of high blood pressure by taking this quiz. Answer true or false to each of the following:

1. If I stay calm and relaxed I won't have high blood pressure.
2. High blood pressure is the leading contributor to strokes, heart disease, and kidney disease.
3. I can tell when my blood pressure is high.
4. Once I have high blood pressure, it usually means I will have to take medicine to control it for the rest of my life.
5. Headaches and dizziness are symptoms of high blood pressure.
6. There's nothing I can do about high blood pressure except watch my diet.

## ANSWERS

1. False - High blood pressure, or hypertension as it is also called, is not nervous tension. Even a relaxed, easy-going person may have high blood pressure.
2. True - High blood pressure is a physical condition in which the heart and blood vessels are under a constant strain. If undetected and untreated, it may eventually lead to a stroke, heart disease, or kidney disease.
3. False, False, False - High blood pressure usually has no symptoms. The only way to know if your blood pressure is high is to get it checked by a doctor or other trained health professional. It's quick and painless. But, no matter how you feel, if your doctor has prescribed pills for high blood pressure, it's important to take them every day.
4. True - For the vast majority of people with high blood pressure the condition will be with them for life. But that's not as bad as it seems. Although science has not yet found a cure for the most common form for high blood pressure, there are many ways to lower high blood pressure and to keep it low.

## DUFF PLUMBING ANNOUNCES

We have added another truck to our fleet expressly for the Marion, Wareham & Rochester area residents. We have had such an increase in calls that we have decided to install a direct, toll-free "Hot Line" for these customers. We have our plumber, Chet, who is a local resident and knows the area well. He will have a well-stocked supply of plumbing needs right at hand.

Are you disappointed to find yourself waiting two days for a plumber, then have him arrive with a helper to carry the tool box, and receive a bill for two men? We pride ourselves on sending one man on service calls.

We take good care of our old customers; it's new customers we're looking for.

5. False - For most people with high blood pressure, there are no symptoms, especially in the early stages. In severe cases, usually in persons who have had high blood pressure for many years but who weren't treating it, there will sometimes be dizziness and headaches. If you are told that you have high blood pressure and don't treat it, the first symptom may be a heart attack or stroke.
6. False - Although there is no cure for high blood pressure that will keep it normal, you can control it with proper treatment. Your doctor may suggest some diet restrictions (less salt, less fatty food) as well as prescribe medication. If your doctor does give you pills, it's important to take them regularly.
